CHRIS, achinga

. . . .

What is said about me
out there? <ask gpt>

"If you get a midlife crisis at 70yrs, it most certainly means that you won't make it to 140 "
—Idle Feelosopher

PWA? What is That Any ways?

PWA ...?!

· · · ·

Websites that behaves like mobile applications

- **web apps built and enhanced with modern APIs**
- **They make websites installable!**
- **They are cross platform!**

PWA can run on multiple platforms and devices from a single codebase. Like a platform-specific app, it can be installed on the device, can operate while offline and in the background, and can integrate with the device and with other installed apps

PWA benefits

...?

Improved Reliability

Installability

Enhanced
Capabilities

Improved
Performance

Discoverability

Easy Updates

TOOlS TO BUILD PWA

Any Fronted Library/Framework

Even HTML! Can you believe that

WorkBox, LightHouse

And many others, tools that help (i will explain more when talking)

Pwafire, fugu apis

Venus has a beautiful name and is the second planet from the Sun
